SKILLS

- Molecular Techniques** — CRISPR-Cas9, PCR, Gel Electrophoresis, Recombinant DNA
- Instrumentation** — FE-SEM, HPLC, GC-MS
- Laboratory Skills** — PCR, Agarose gel electrophoresis, DNA and RNA isolation, Western blotting, MTT assay, Gel purification, DNA ligation, Gene cloning, Primer designing, Plant tissue techniques, Media preparation
- Bioinformatics & Dry Lab Tools** — BLAST, Clustal, Needleman, Waterman algorithms and other general bioinformatics tools
- Software & Platforms** — Canva, MS Office Suite (Word, Excel, PowerPoint, Access), HTML, MySQL
- Soft skill** — Leadership & Team Management, Communication Skills, Critical Thinking & Analytical Skills

CERTIFICATIONS

- NPTEL Cell Biology** Aug 2025-Oct 2025
- GenAI power analytics** Aug 2025
- Tata Forage

TRAINING & WORKSHOPS

- 3rd National Workshop on Advanced Research with FE-SEM, LPU** Mar 2026–Mar 2026
• Acquired training in high-resolution imaging and sample preparation. Phagwara, India
- CRISPR-Cas9 Training & Internship, MAMC New Delhi** 2026 – 2026
• Gained direct exposure to genome editing workflows and CRISPR mechanisms. Online mode
• Learned gRNA design, gene targeting strategies, and molecular cloning basics.
- 2nd National Workshop on Advanced Chromatographic Techniques, LPU** Sep 2025–Sep 2025
• Learned applications of HPLC and GC-MS. Phagwara, India

RESEARCH & PROJECTS

- Nanocarriers for mRNA Delivery in Diabetes Treatment, Research** Present
• Currently writing a book chapter on this topic.
- Mobile Algal Air Purification System using Spirulina platensis, Innovation Project** 2026
• Participated in COGNITIA-2026 under LPU's Innovation Deck, presenting a sustainable air pollution reduction solution using HEPA filtration and Spirulina.

EDUCATION

- M.Sc. Biotechnology, Lovely Professional University (LPU)** 2025 – 2027
• CGPA: 8.15
- B.Sc. Life Sciences, Dr. Ram Manohar Lohia Avadh University** 2019 – 2022
• 63.22%
- 12th (Science), Kendriya Vidyalaya** 2019
• 78.8%
